

Inter-Actief

What is Inter-Actief

Inter-Actief is the study association for the studies Technical Computer Science and Business and Information Technology. A study association is an association that is related to one or multiple (similar) studies. A study association provides multiple resources, like (cheaper) books and summaries which can help you with your studies, they also have good relationships with the studies and faculty and with companies related to the studies! Next to that they organise multiple fun activities during the year which all members can join. For every study given at the University of Twente there is a study association.

Education

Inter-Actief has close contact with the studies and faculty and can therefore aid you with your studies

- **We sell study books with discount**
- **If you have a complaint related to the study, Inter-Actief can help you**
- **We regularly organise study evenings where teaching assistants are also present to help you**

Or if you have any specific remarks or questions, don't hesitate to contact education@inter-actief.net, or come by at the Inter-Actief room!

Career

Inter-Actief has contact with multiple companies, together with them we organise multiple activities to get to know them. To see which companies we have contact with visit the company corner at <https://ictsv.nl/companies>

Symposium

Every year Inter-Actief organises a "Symposium", where companies show what they can offer in the IT sector, often done by an old University of Twente student.

Activities & Social

Broadening your social life is a big part of being a student. To help you with this, Inter-Actief organises multiple activities throughout the year to let you connect with your fellow students, share experiences and make amazing new memories. On this page are a few examples

Afternoon drinks

On every Tuesday, there is a drink starting from 16:00. During the drink you can socialise with your fellow students and friends while enjoying a nice beverage.

Themed parties

LAN-party

A big event that is organised twice a year is the LAN party. It is a weekend-long event where we play games all day long.

Lunch lectures

Every Tuesday during the lunch break there is a lunch lecture. During the lunch lectures a company will come by and tell something about what they do. Lunch is provided and for free!

Football tournament
